

## AHAVA SHIVITI

Every word in this picture is אהבה LOVE.

This art is inspired by a traditional form of Kabbalah art called *Shiviti*.

A *Shiviti* has the four letters of the holy name of God ה - ו - ה - י in large letters near the top of the picture. The rest of the picture is composed of other divine names, holy verses, and prayers.

The four letters of the word אהבה LOVE are very similar to the four letters of ה-ו-ה-י. The two letters ה are the same in both. The letter י represents a single point, like א that is the number one. The letter ו and the letter ב have similar sounds.

This *Shiviti* is composed entirely of אהבה. It is a meditation on the divine unconditional love that is the source of our every moment.
